### **DETAILED ACTION**

This office action is in response to applicants' communication filed on 3/20/06.

Claims 19-40 are pending in this application. Claims 21-35 and 37-40 stand withdrawn from the consideration, being drawn to the non elected invention.

Rejection of claims 19-20 and 36 under 35 USC 102(b) is hereby withdrawn subsequent to applicants' arguments and remarks.

#### ***Claim Rejections - 35 USC § 103***

1. Claims 19-20 and 36 are again rejected under 35 U.S.C. 103(a) as being unpatentable over Beaver et al, all for the reasons of record.

Applicants' arguments were fully considered and were not found argue. Applicants allege that Beaver et al do not teach pharmaceutical composition. The examiner disagrees. See the title wherein it is expressly teaching antiseptic composition, that is pharmaceutical composition, and that means they do have pharmaceutical activity. Alcohol and water are well known pharmaceutically acceptable carriers, absent evidence to the contrary.

#### ***Double Patenting***

Claims 19-20 and 36 are again rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claim 19 of U.S. Patent No. 6,653,309, for the reasons of record. Although the conflicting claims are not identical, they are not patentably distinct from each other because the definition of X in the instant claims overlaps the corresponding definition in the patent. Also it is well known to add additional ingredient to any composition to treat a disease.
